VISION

We envision a community where all individuals and their families can successfully realize their potential and pursue their dreams and where stigma and discrimination against those with mental health and/or alcohol and drug issues are remnants of the past.

The VALUES of **ACBHCS**

Alameda County Behavioral Health Care Services

ACCCESS

We value collaborative partnerships with consumers, families, service providers, agencies and communities, where every door is the right door for welcoming people with complex needs and assisting them toward wellness, resilience and recovery (WRR).

CONSUMER & FAMILY EMPOWERMENT

We value, support and encourage consumers and their families to exercise their authority to make decisions, choose from a range of available options and to develop their full capacity to think, speak and act effectively in their own interest and on behalf of others that they represent.

BEST PRACTICES

We value clinical excellence through the use of best practices, evidence-based practices, and effective outcomes, including prevention and early intervention strategies, to promote well-being and optimal quality of life. We value business excellence and responsible stewardship through revenue maximization and the wise and cost-effective use of public resources.

HEALTH & WELLNESS

We value the integration of emotional, spiritual and physical health care to promote the wellness and resilience of individuals recovering from the biological, social and psychological effects of mental illness and substance use disorders.

CCULTURALLY RESPONSIVE

We honor the voices, strengths, leadership, language and life experiences of ethnically and culturally diverse consumers and their families across the lifespan. We value operationalizing these experiences in our service settings, treatment options, and in the processes we use to engage our communities.

SOCIALLY INCLUSIVE

We value advocacy and education to eliminate stigma, discrimination, isolation, and misunderstanding of persons experiencing mental illness and substance use disorders. We support social inclusion and the full participation of consumers and family members to achieve fuller lives in communities of their choice, where they can live, learn, love, work, play and pray in safety and acceptance.
