Vision Statement

San Joaquin County is a community where innovative, quality public health programs and services are available and accessible. SJC Public Health Services promotes well being and prevents disease through community engagement and interaction, education, workforce development, leadership and strategic planning. We serve everyone with respect by acknowledging and supporting diversity.

PUBLIC HEALTH SERVICES

The Public Health Services campus is located in Stockton, CA. The health department provides a culturally diverse community (685,660) with classic public health services. The Department has a tradition of strong community involvement and leadership in health promotion.

THE POSITION

This recruitment is being conducted to fill one (1) vacant Public Health Emergency Preparedness Coordinator position in the Public Health Services Department.

The primary responsibility of this position will be to plan, organize, and administer Public Health Emergency Preparedness activities, including pre-emergency planning, emergency response activities, and post-emergency functions. In addition, this position coordinates and directs the development of presentations to the public, schools, community groups and organizations relevant to public health preparedness planning and response.

TYPICAL DUTIES

The Public Health Emergency Preparedness Coordinator is responsible for carrying out the following duties:

- ◆ Coordinates with staff to design, write, and maintain public health emergency response plans, manuals and standard operating procedures by utilizing local, state and federal regulatory guidelines and requirements to ensure plans are integrated with emergency response plans of other agencies.
- ◆ Supervises staff, assigns and reviews work; trains staff; conducts regular staff meetings to coordinate work plan goals and monitor progress.
- ◆ Coordinates, plans and conducts public health related emergency preparedness and response training, periodic disaster drills and exercises with applicable county departments, other government agencies, community agencies involved in public health emergency preparedness and response, as well as the general public.
- ◆ Develops annual grant budget and work plan and amendments, in collaboration with other department divisions and units. Monitors compliance with grant and expenditures; processes requisitions; prepares periodic grant financial progress reports; assists staff in preparing grant reports.
- ◆ Represents the public health emergency response effort before local, state and federal regulatory, advisory and governing bodies and attends meetings of those agencies and community agencies able disease prevention
- ◆ Provides technical assistance and advice on roles and responsibilities to department staff during emergency response.
- ◆ Conducts research, analysis and planning related to public health emergency response preparedness.
- ◆ Updates and maintains contact information and resource listings for individuals, equipment, and supplies needed for emergency operations.
- ◆ May act in the absence of management for matters within the scope of public health emergency preparedness plans.
