

San Joaquin County Employment Opportunity

Senior Transportation Engineer (Engineer V)

Annual Base Salary \$122,158 - \$148,470

THE POSITION

The Department of Public Works is a team-oriented and progressive organization seeking an enthusiastic and talented individual to fill a senior level engineering position in the Transportation Engineering Division. The Senior Transportation Engineer will lead in the planning, design, administration, management and delivery of a wide range of projects and programs.

THE DEPARTMENT

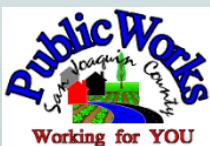

The Department of Public Works has a staff of over 400 who provide quality service to protect the health and welfare of the public and preserve the County's infrastructure investments. The Department is comprised of dedicated engineering teams entrusted to provide critical support and ensure resiliency for the County's infrastructure. Many of our award-winning infrastructure projects have been recognized at the state and national levels. We continuously strive to transform processes and technology, enhance fiscal transparency and accountability, and invest in staff development and partnerships with members of our community and industry.

DEPARTMENT AWARDS

- Bollea Road Bridge Emergency Repair Project (Recognized by the American Public Works Association)
- McHenry Ave Bridge Temporary Roundabout (Recognized by the California State Association of Counties)
- Lower Sacramento Road Improvements Project (Recognized by the American Public Works Association, California Transportation Foundation, and the American Council of Engineering Companies)
- Client Excellence as a Public Agency (Recognized by the American Council of Engineering Companies)

THE IDEAL CANDIDATE

The ideal candidate will possess strong technical and managerial skills with experience in traffic and transportation engineering projects. The candidate will have excellent skills to effectively manage relationships with internal and external customers and provide informed recommendations to Public Works Administration. The candidate will demonstrate the ability to effectively provide information appropriately focused to the target audience, including the general public, management and elected officials. The ideal candidate has a track record of collaborating with customers, colleagues, consultants, external agencies, and industry experts to solve complex problems and evaluate and apply emerging technologies in transportation.

SAN JOAQUIN
COUNTY
Greatness grows here.

Make San Joaquin County your new home!

A land of beauty, recreation and natural riches from the waters of the Delta to the endless vineyards, San Joaquin County has it all. San Joaquin County boasts seven cities and some of the finest opportunities in the state for boating, fishing, camping, history-gathering, or just plain fun in the sun. Each city, and the unincorporated County area, offers a unique opportunity to enjoy natural California beauty as well as music, arts and culture. Whatever your interest, it can be found in San Joaquin County.

Arts, Culture, and Recreation

The area's arts and culture enrich and illuminate our lives and the Haggin Museum, San Joaquin County Historical Museum, Stockton Children's Museum, and Lodi World of Wonders Science Museum are popular spots.

The Stockton Symphony, San Joaquin County Ballet, and Stockton Civic Theater provide important experiences for children and adults. The multi-cultural community offers a diversity of views and opinions in its art and culture, providing a wealth of knowledge about past and present on canvas and stage.

Over 75 languages are spoken within the region and this blended cultural richness creates an air of celebration about individual customs, foods and cultures.

San Joaquin County government provides nine community parks for boating, camping, and picnicking, swimming and organized sports. Annual family events include the Sandhill Crane Festival, Lodi Grape Festival and the Asparagus Festival, attended by thousands of fun-seekers from the County and beyond.

Individual cities and communities provide a host of other opportunities, from Lodi Lake Park and Nature Area to the Woodbridge Ecological Reserve. The County-owned and operated Micke Grove Park offers a zoo, rides and a historical museum to delight both children and adults. The San Joaquin Delta is one of the area's best kept secrets and offers some of the best boating in the state: more than 1,000 miles of waterways stretching from the Stockton Harbor to north of Sacramento and offering access to the San Francisco Bay.

Education

From preschool to higher education, the County has it covered with an abundant array of public and private opportunities to learn and grow. The University of the Pacific, California State University, Stanislaus - Stockton Center, Humphreys University and Law School, National University, and the San Joaquin Delta

Community College offer a wide variety of choices for educational opportunities. The County's 17 school districts provide families a wide choice for their children's educational development.

Agriculture

The County is one of the most agriculturally rich regions in California. Grapes are the leading commodity, with 98,000 bearing acres, much of that in wine grapes. Over 85 wineries within the Lodi Appellation offer opportunities for tasting and special events.

Almonds, walnuts, tomatoes and cherries round out the top crops, with an abundance of other produce. Weekly farmer's markets throughout the County offer a cornucopia of fresh fruits and vegetables. Fruit stands and pick-your-own produce farms dot the countryside.

Housing

Housing is plentiful in San Joaquin County and is affordable when compared to other nearby areas.

Housing ranges from new developments to historic homes found mostly in central Stockton and downtown Lodi. San Joaquin County is a place where families can grow, learn, and experience the nature and beauty of the California landscape while benefiting from the unique opportunities - cultural, recreational, and educational - that the area provides.
